PVC-U Plastering Beads

By Expamet Building Products

Detailed description

A range of PVC-U plastering beads combining all the benefits of traditional metal beads with the added advantages of a light flexible material, aesthetic appeal and cost effective regulatory compliance.

Features:

- Light and easy to form curves and arches.
- White: Improved aesthetics, minimizing impact on light coloured renders.
- Colours: Ivory and Beige to use with coloured renders.
- Reclaimed window-grade PVC-U. Environmentally sound material.
- Can be used in coastal and high exposure areas (excluding swimming pools).
